LES DAMES ST. MORITZ

Preface Les Dames.

The underlying idea is to depict different characters with minimum changes.
Changeable, surprising, cheeky – just the way women are in everyday life.
With a few strokes, small but crucial details are modified, thus unfolding an astonishing effect.

**“Les Dames” are characterised by a clear language of forms,
although their appearance is playful – variable –
cheerful – colourful – sad – coy – graphic – female.**

Each work is unique.
